

New service – lease consultancy

PwC offers comprehensive support to companies in the area of leases, effective office organisation and change management.

Do you know...?

Preparations for a new lease should start more or less **2.5 years** before the end of the current lease agreement.

80% of office space is taken up by single workstations, while we only spend **50%** of our time on individual activities.

60% % of companies believe that the corporate culture is more important than the strategy or business model.

Desks remain unoccupied during **50%** of time during the day.

Starting negotiations well in advance could allow **even to double** the incentives obtained from the landlord.

60% of employees perceive the company's location as an important factor in choosing their employer.

51% of companies believe they need a change in their corporate cultures.

What we offer?

Legal services

- reviewing the lease agreement or preparing its draft (including leaseback and built to suit projects);
- consultancy at every stage of the investment (before construction starts, during and after completion), which allows to achieve a different degree of space adaptation for the tenant
- consultancy on the content of the contract (including finishing works, guarantees, terms of notice and division of the parties' liability);
- preparation of the reception and return conditions of the office;
- contract negotiations.

Business services

- preparation and implementation of the entire process related to the lease transaction;
- selecting the most interesting locations in line with the client's expectations;
- cross-sectional analysis of rental offers received;
- assistance in the selection of technical advisers, architects, contractors;
- adjusting the space to the preferences of employees.

Change management services

- support in transformation projects;
- analysis of organizational culture;
- implementations in the field of new technologies;
- legal advice on employee matters.

Financial and accounting services

- analysis of the impact of lease agreements on financial statements (results, debt, presentation of financial data);
- scenario analysis - contract records and conditions and their impact on potential results changes;
- review of lease agreements regarding the impact on covenants included in financing agreements;
- comprehensive accounting consultancy in the case of complicated contracts.
